Response to NRC Request to Return Original Submittal Concerning
Allegations

50-275/323-06

Dear Mr. Martin:

In response to the NRC Staff's request, we are returning under separate cover your original letter from T. W. Bishop to J. O. Schuyler, dated April 19, 1984, and its attachments. The letter can be readily identified as the original typed and signed document received by PGandE, as evidenced by original letterhead and signature. We believe that the attachments are also the original xerox copies as received since they have staple holes and they were filed with other PGandE document originals. However, since the attachments are xerox copies, we cannot verify with 100% assurance that they are the original copies as received by us.

Following your review, please transmit back to us the April 19, 1984 letter and enclosure to allow us to maintain document originals in our file.

Kindly acknowledge receipt of this material on the enclosed copy of this letter and return it in the enclosed addressed envelope.

Sincerely,

J. C. Carroll
