

APPENDIX A  
NOTICE OF VIOLATION

Arizona Nuclear Power Project  
Palo Verde Nuclear Generating Station Unit 1  
Phoenix, Arizona 85072-2034

Docket No. 50-528  
License No. NPF-34

During an NRC inspection conducted on April 29-May 3 and May 13-17, 1985 a violation of NRC requirements was identified. The violation involved the failure to train and retrain personnel on emergency preparedness in a timely manner. In accordance with the "General Statement of Policy and Procedure for NRC Enforcement Actions," 10 CFR Part 2, Appendix C (1985), the violation is listed below:

- A. 10 CFR 50.54(q) requires a licensee to follow and maintain in effect emergency plans which meet the standards in 50.47(b) and the requirements in Appendix E of this part. Section IV.F of Appendix E, 10 CFR Part 50, requires initial training and periodic retraining of emergency personnel. Technical Specification 6.8.1 requires that written procedures for Emergency Plan implementation shall be established, implemented and maintained. Section 8 of the Palo Verde Nuclear Generating Station Emergency Plan describes the training program. ANPP Administrative Procedure No. 8N718.04.00, "Emergency Plan Training", has been developed to implement Section 8 of the Emergency Plan. Attachment 1 to this procedure identifies the initial training requirements for site personnel who occupy emergency organization positions. Section 4.1.1 of this same procedure identifies basic training and indoctrination requirements to be provided to PVNGS personnel on an annual basis.

Contrary to the above requirements, at the time of the inspection 39 individuals identified as having assignments in the emergency organization had not received full initial training and or retraining required by their emergency response assignment. In addition, a number of PVNGS personnel had not received annual retraining in personnel assembly, accountability, evacuation and reassembly which constitutes the basic training and indoctrination.

This is a Severity Level IV Violation (Supplement VIII).
