Attn: Thomas Thompson

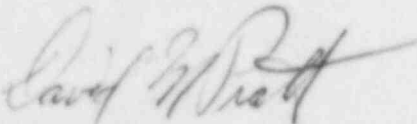

Dear Mr. Thompson:

The following is in response to your request for additional information on our license renewal application, control #03272:

1. Leak testing is to be performed on a Packard liquid scintillation counter by Murray M. Bolton, Jr. (Tel. #: (617) 253-2180) Service License #: 20-13302-01. Our equipment is used only to monitor gross contamination.
2. Enclosed is a Statement of Security from our plant protection manager.
3. Since continuous personnel monitoring devices are not required for such a small Ni 63 source, we will be eliminating our monthly film badge service with R.S. Landauer, Jr. & Co.

If you require any further information, please call me at (617) 594-9109.

Very truly yours,

DAVID M. PRATT
