Gentlemen:

This refers to the technical review of the Fort St. Vrain emergency electrical power system conducted by the Office of Nuclear Reactor Regulation which was completed on July 5, 1985. The results of this review will be forwarded to you as a Safety Evaluation in the near future.

During the course of this review, it was discovered that your emergency power system was in deviation from an FSAR commitment. This deviation is described in the enclosed Notice of Deviation.

You are requested to respond to the Notice within 30 days by providing a written statement or explanation which describes the corrective steps taken or planned, the results achieved and the date when corrective action will be completed.

The response requested by this letter and the accompanying Notice is not subject to the clearance procedures of the Office of Management and Budget as required by the Paperwork Reduction Act of 1980, PL 96-511.

Should you have any questions concerning this matter, we will be pleased to discuss them with you.

Sincerely,

Original Signed By  
E. H. Johnson
