Dear Ms. Riedlinger:

IRT Corporation wishes to terminate the above referenced license NRC No. 04-18497-02. The radioactive materials associated with the license, i.e.: two Cf-252 sources, have been transferred to our State of California license #2468-80. IRT Corporation terminated well logging operations in March, 1984.

For your information, I am including a copy of the letter to Mr. Robert Thomas reporting the results of the final meter and wipe survey of our Wyoming facility.

If you have any questions or need further information, please call me at (619) 450-4343.

Respectfully yours,

Paul R. Maschka
