Dear Bill:

Effective November 1, 1996, Mr. Terence J. Sullivan will be retained to work with our organization as Special Assistant to the President focusing on nuclear matters. Terry has a strong nuclear power background, having most recently been the Executive Vice President and COO of the Institute of Nuclear Power Operations (INPO) in Atlanta.

In this part-time assignment, Terry will assist Dick Grigg with nuclear issue management and advice. He will also work in a complementary and supportive fashion with the Nuclear Power Business Unit in pursuit of operational excellence at the Point Beach Nuclear Plant. Bob Link will continue to report directly to Dick Grigg.

Terry was with INPO for over 14 years. He holds a PH.D. in Nuclear Engineering from Iowa State and among his professional assignments, spent 10 years in the nuclear area at Consumers Power Company in Michigan.

If you have any questions regarding this matter, please feel free to contact me at the above number or Dick Grigg at (414) 221-2108.

Sincerely,

Copy to: Dick Grigg
