Re: Comments to Draft Report, "Reassessment of the Technical Bases for  
Estimating Source Terms", NEUREG-0956 affecting 10 CFR Part 100

Dear Sir:

The Illinois Department of Nuclear Safety intends to submit comments to the Nuclear Regulatory Commission concerning the draft report titled "Reassessment of the Technical Bases for Estimating Source Terms". However, staff preparing the comments will be unable to meet the comment deadline of October 7, 1985. Therefore, the Department respectfully requests an extension to November 7, 1985, for the purpose of submitting comments.

Your consideration of this request is greatly appreciated.

Sincerely,

Terry R. Lash  
Director
