SUBJECT: DEMAND FOR INFORMATION  
INSPECTION REPORT NO. 040-08936/96-001

Dear Mr. Butka:

The enclosed Demand for Information is being issued as a result of a November 7, 1996, safety inspection at your facility at 83 Erna Avenue, Milford, Connecticut of the activities authorized by License No. STB-1505. Our report of that inspection is enclosed. Based on the results of this inspection, it appears that you have not disposed of the radioactive waste, as required by Condition 15 of License No. STB-1505, nor have you provided financial assurance as required by Condition 16 of the license. In response to questioning from the NRC inspector on November 7, 1996, you indicated that you lacked the financial resources to comply with License Conditions 15 and 16. In order to determine whether any further action by the Commission is necessary with respect to the removal of radioactive waste from your facility and/or financial assurance, further information and documentation are needed. The enclosed Demand for Information, therefore, seeks additional information and documentation regarding your statements to the NRC inspector.

Failure to comply with the provisions of this Demand for Information may result in enforcement action. Questions concerning this Demand for Information should be addressed to Charles W. Hehl, Director, Division of Nuclear Materials Safety, who can be reached at (610) 337-5274.

The issuance of the Demand for Information does not relieve you from the responsibility of immediately taking corrective action for each apparent violation of NRC requirements. In addition to the responses required by the Demand, please describe your plans to correct the apparent violations described in the enclosed report.

In accordance with 10 CFR 2.790 of the NRC's "Rules of Practice," a copy of this letter, its enclosures, and your response will be placed in the NRC Public Document Room (PDR). To the extent possible, your response should not include any personal privacy, proprietary, or safeguards information so that it can be placed in the PDR without redaction. If personal privacy or proprietary information is necessary to provide an acceptable response, then please provide a bracketed copy of your response that identifies the information that should be protected and a redacted copy of your response that deletes such information.

If you request withholding of such material, you must specifically identify the portions of your response that you seek to have withheld and provide in detail the bases for your claim of withholding (e.g., explain why the disclosure of information will create an unwarranted invasion of personal privacy or provide the information required by 10 CFR 2.790(b) to support a request for withholding confidential commercial or financial information). If safeguards information is necessary to provide an acceptable response, please provide the level of protection described in 10 CFR 73.21.
