FREEDOM OF INFORMATION  
ACT REQUEST

FOIA-85-609

Rec'd 9-3-85

Dear Mr. Felton:

Pursuant to the requirements of the Freedom of Information Act (the Act), as amended 5 U.S.C. sec. 552, I respectfully request the opportunity to examine all correspondence, investigatory files and records, notes and memoranda that relate in any way to an application submitted by Mars, Inc. or Kalka for use of an air-irradiation process for the sterilization of pet food at a new Kalka pet food processing facility.

As you know, the Act provides that if some portions of the requested material are exempt from release, reasonably segregable portions must be provided. Accordingly, if you determine that any portion of the requested material is exempt, we request that you provide access to the reasonably segregable portions of the requested material; that you advise us to which exemption or exemptions relate to your refusal to supply any requested material; that you identify the material claimed to be exempt by indicating the title, if any, dates prepared, by whom prepared, to whom sent, and the general nature of the contents; and that you supply the name and title or position of each person responsible for any denial of access to the requested material.

We agree to pay any search and copy fees incurred while fulfilling this request. If you have any questions, or if there is any problem in completing this request, please contact me at (202) 289-5300. We look forward to your response within the ten days provided under the Act.

Thank you for your assistance.

Sincerely,

*A. Fischman*
