Gentlemen:

The purpose of this letter is to update License Condition 2.1 of Amendment SG-1 to your License No. SNM-696 so as to reflect the January 1985 revisions to your Fundamental Nuclear Material Control Plan (FNMCP), which were made pursuant to the provisions of 10 CFR 70.32(c). The FNMCP revisions in question were submitted to the Region V Office by your cover letter dated January 25, 1985 (your reference #696-7004).

In a letter to you, dated May 30, 1985, Region V confirmed that these FNMCP revisions were consistent with the provisions of 70.32(c). Accordingly, we are revising Condition 2.1 of Amendment SG-1 to your License No. SNM-696, effective immediately, to read as follows:

- 2.1 The licensee shall follow Revision A of his Fundamental Nuclear Material Control Plan, dated October 1982; as revised by submittals dated February 3, 1984 (pages 4-2, 4-3, 6-2 and 8-3---all dated "11/83"), January 25, 1985 (pages 1-3, 2-1, 2-4, 2-5, 5-2, 5-3, 6-3; and figures 2.1.1-1 and 2.1.1-2---all dated "January 1985"), and another January 25, 1985 submittal (pages 7-6 through 7-20---all dated "February 1985"); and as may be revised in accordance with the provisions of 10 CFR 70.32(c).

Sincerely,

Willard B. Brown, Chief
SG Material Licensing & International
