Gentlemen:

Enclosed is Amendment No. 41 to your NRC License No. 12-02349-05 in accordance with your request.

As discussed with Ms. Margaret Comer on July 2, 1985, Amendment No. 40 authorizes your possession of all three of the Lunar Spine Scanners referenced in your letter dated June 26, 1985.

In addition to the above, we direct your attention to letter dated November 1, 1984, signed by Cindy Bloom, which commits your institution to approving users of bone mineral analyzers in accordance with "Policy and Guidance Directive FC83-24; Licensing the Lixiscope and Bone Mineral Analyzer For Human Use."

If you have any questions or require clarification on any of the information stated above, you may contact us at (312) 790-5625.

Sincerely,
