Re: License No. SNM-933
Control No. 07328
Docket No. 40-7708

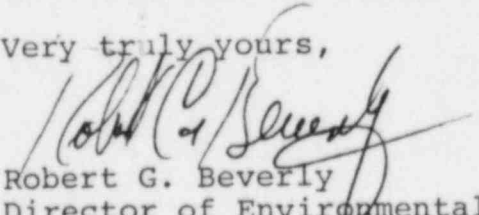

Dear Ms. Kosla:

Under separate cover I have mailed to you today, via UPS, five copies of the report "Radiological Assessment and Survey of the Processing Building, Residue Storage and Open Land Associated with Tantalum-Columbium (Ta-Cb) Operations at Marietta, Ohio" by ARIX. As we discussed at our meeting in Washington on February 2, 1983, we will be glad to meet with you at your convenience and discuss the results of the above studies.

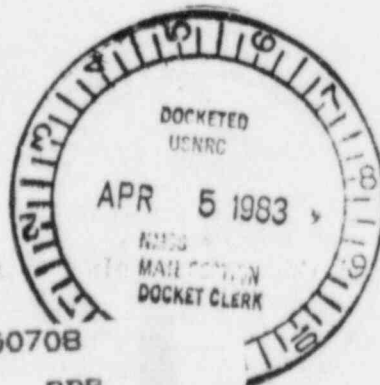

Please consider this our request for termination of the above referenced license, recognizing that you may have a confirmatory survey performed prior to license termination.

If you have any questions, please feel free to contact me.

Very truly yours,

Robert G. Beverly
Director of Environmental
Affairs
