Docket No. 50-346

Subject: PROPOSED IMPOSITION OF CIVIL PENALTY - \$100,000

This is to inform the Commission that a Notice of Violation and Proposed Imposition of Civil Penalty in the amount of One-Hundred Thousand Dollars (\$100,000) will be issued on or about July 12, 1985 to Toledo Edison Company. This action is based on three violations involving (1) the removal of the security-fire/radiation computer from service for approximately 2 hours without proper notification being given to the Shift Supervisor so that timely compensatory measures to ensure adequate fire protection controls could be taken, (2) the failure of a non-licensed operator to monitor pipe leakage from the Startup Feedwater Pump/Turbine Cooling Water systems because the individual was asleep, and (3) the failure to maintain the required reactor power for the indicated reactor coolant flow rate.

It should be noted that the licensee has not been specifically informed of the enforcement action. The Regional Administrator has been authorized by the Director, Office of Inspection and Enforcement, to sign this action. The schedule of issuance and notification is:
