Re: Renewal of Nuclear Materials License
No. 34-18789-01

Gentlemen:

In reviewing our Nuclear Materials License No. 34-18789-01 dated August 31, 1979 and Amendment No. 1 dated August 7, 1980, we find that only Condition No. 12 would change. Tom W. Lautzenhiser would be removed from Condition No. 12, Steven R. Brown and Philip D. Amsbaugh would be added. Both Mr. Brown and Mr. Amsbaugh have completed the Troxler Course for the Use of Nuclear Testing Equipment (Copies of Certificates enclosed).

As of April 1, 1985 Steven R. Brown replaced Tom W. Lautzenhiser as Radiation Protection Officer.

The office of Grindle and Bender would like to continue under the current license with the changes noted above. Enclosed is a check in the amount of \$120.00 for the cost of renewal. Also enclosed is a copy of our current license.

If there are any questions please call our office.

Very truly yours,

Steven R. Brown

Steven R. Brown
