Gentlemen:

We have completed our review of the revisions made to the "Physical Security Plan for Receipt and Storage of SNM of Low Strategic Significance" for the "River Bend Station," submitted by your letter (RBG-20049) dated January 31, 1984. Our records indicate that your letter was received on February 8, 1985. We are therefore changing your January 31, 1984, date to read January 31, 1985. Based on our evaluation, we have determined that the revisions made to the Plan do not decrease the effectiveness of the Plan and are therefore acceptable.

Accordingly, the approved "Physical Security Plan for Receipt and Storage of SNM of Low Strategic Significance" for the "River Bend Station" consists of Revision 0, dated June 18, 1984; as amended by Revision 1, dated November 2, 1984; and as further amended by page Revisions dated January 18, 1985.

We have determined that the Plan contains information of a type specified in 10 CFR 2.790(d). Accordingly, pursuant to Section 2.790(d)(1), such information is deemed to be commercial or financial information within the meaning of 10 CFR 9.5(a)(4) and shall be subject to disclosure only in accordance with the provisions of 10 CFR 9.12.

Sincerely,

Original signed by Willard B. Brown
