MEMORANDUM FOR: William O. Miller, Chief
Licensing Fee Management Branch
Office of Administration

FROM: Sandra L. Wastler, Project Manager
Licensing Branch 1
Uranium Recovery Field Office, Region IV

SUBJECT: FEE EXEMPTION FOR UNC TETON EXPLORATION COMPANY,
LEUENBERGER R&D, SOURCE MATERIAL LICENSE SUA-1373,
AMENDMENT NO. 14

The Uranium Recovery Field Office recently approved UNC Teton's decommissioning plan by License Amendment No. 13. During the subsequent review of the laboratory analysis of the evaporation pond water and sludge, the NRC discovered that the decommissioning plan did not provide for final verification soil samples to show compliance with the EPA criteria. As a result, License Amendment No. 14 to Source Material License SUA-1373 was issued to correct this oversight.

Because this revision was initiated by URFO for the benefit of the Commission and to correct an NRC oversight, Amendment No. 14 should be exempt from fees.
