MEMORANDUM FOR: Irene Mendelson,  
Bender, Elster, Mendelson and Wheeler

FROM: Marcia Smith, Region III, USNRC

SUBJECT: REGIONAL CAREER COUNSELING PROGRAM

The Region III Career Counseling Program began May 4, 1982. Ms. Linhardt meets with participants every Tuesday starting at 9:00 AM. She counsels three employees each Tuesday and presently ten employees are actively participating in the program. Employee feedback has been positive, and so far no one has elected to discontinue the program.

In Region III, 65 employees indicated a positive interest in this program; therefore, scheduling has been done on a first come - first serve basis. I would recommend continuation of the program in Region III in the coming fiscal year.
