Re: Renewal of NRC license #12-09088-02
Expiration Date: June 30, 1984

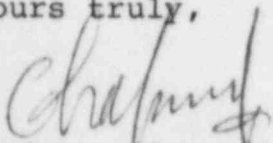

Dear Sir:

Pursuant to your letter dated April 10, 1984, we request renewal of NRC license #12-09088-02. Information which you now have on file for this license is still current concerning radionuclide needs, uses, and physical forms. Additionally, our management control program, facilities, equipment, personnel, radiation safety and waste disposal procedures remain the same.

However, we do request that Dr. Chakwan Siew be listed as the current radiation safety officer replacing Dr. G. Subba Rao on the renewed license. Dr. Siew's resume is included in the previous license renewal application (Appendix A, July 31, 1978).

Enclosed is the renewal fee of \$390.00. Questions about this renewal application should be directed to Dr. Chakwan Siew, at 312-440-2786. Thank you.

Yours truly,

Chakwan Siew, Ph. D.
Radiation Safety Officer
