SAFEGUARDS INFORMATION DIVISION

Mississippi Power and Light Company
ATTN: Mr. J. B. Richard, Senior
Vice President, Nuclear
P. O. Box 23054
Jackson, Mississippi 39205

Gentlemen:

SUBJECT: DOCKET NO.: 50-416

This acknowledges the receipt of your letter of March 14, 1985, which transmitted Revision 11 to the Grand Gulf Physical Security Plan.

Our review of the changes has found most of them to be consistent with the provisions of 10 CFR 50.54(p). Accordingly, they are acceptable for inclusion into the plan. However, as indicated in the Enclosure, some of the changes involving access authorization have possible policy concerns.

We have transferred those changes to the Commission's Office of Nuclear Reactor Regulation for review and disposition. On July 30, 1985, Ms. C. Perny of Region II discussed our concerns and proposed action with Mr. M. Abbott of MP&L.

The enclosure to your letter is being withheld from public disclosure because it contains Safeguards Information and must be protected in accordance with the provisions of 10 CFR Part 73.21.

The material enclosed herewith contains Safeguards Information as defined by 10 CFR 73.21 and its disclosure to unauthorized individuals is prohibited by Section 147 of the Atomic Energy Act of 1954, as amended. Therefore, the enclosure will not be placed in the Public Document Room.

Should you have any questions concerning this letter, we will be glad to discuss them with you.

Sincerely,
