Docket No. : 030-20907
License No.: 50-11901-02
Control No.: 70200

Department of the Interior
Geological Survey, Water Resources Division
Alaska District
1209 Orca Street
Anchorage, Alaska 99501

Attention: Mr. Raymond S. George
Associate District Chief

Gentlemen:

Enclosed is the NRC license amendment which you requested.

Please review the enclosed document carefully and be sure that you understand all conditions. If there are any errors or questions, please notify us so that we can provide appropriate corrections and answers.

Once a year is an acceptable instrument calibration frequency for your research program, although a six-month calibration frequency is preferable.

Please note that License Condition 15. has been added to your license. It specifies that P-32 wastes will be held for ten half-lives and monitored prior to disposal to ordinary trash.

Also, note that License Condition 16. was added to your license. You must follow Department of Transportation regulations when you ship licensed materials.

Mr. Rowe and Mr. Woods should submit information on their experience with P-32, a high-energy beta emitter, before they are listed on your license as authorized users of that material.

Any future correspondence relating to your license should specifically reference your license and docket numbers to expedite your inquiry.

Sincerely,

8508050254 850606
