Re: Philadelphia Electric Company
Limerick Nuclear Generating Station

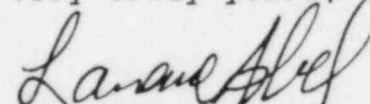

Dear Sirs:

Please consider this a request under the Freedom of Information Act for all documents in your possession relating to Philadelphia Electric Company's construction and operation of its Limerick Nuclear Generating Station, including, but not limited to, all applications for licenses and permits, and records of all Nuclear Regulatory Commission proceedings.

We recognize that you likely have millions of documents relating to this nuclear plant. For the time being, please provide us with any lists or indices of publicly available documents, as well as a description of any documents you contend are not subject to disclosure under the Freedom of Information Act, and the reasons why they are exempt from such disclosure.

Thank you for your cooperation in this matter. Please bill us for your services.

Very truly yours,

Lawrence W. Abel
