

DOCKET NO. 40-8027

KERR-MCGEE CORPORATION

KERR-MCGEE BUILDING • OKLAHOMA CITY, OKLAHOMA 73102

For Div. of Compliance

September 23, 1969

Mr. Donald A. Nussbaumer
Source and Special Nuclear Materials Branch
Division of Materials Licensing
United States Atomic Energy Commission
Washington, D. C. 20545

Dear Mr. Nussbaumer:

Subject: Application for Source Material License

Kerr-McGee Corporation hereby files application for a source material license for the Sequoyah Facility (UF₆ Conversion Plant) which is located in Sequoyah County, Oklahoma. In accordance with 10CFR40.31, Form AEC-2 and supplemental sheets are submitted in quadruplicate.

License approval for the receipt and storage of yellow-cake and sampling plant production operations is needed by October 15. Your early consideration and approval of this license application will be appreciated.

Sincerely,

G. E. Wuller
Nuclear Division - Staff Engineer
