RE: License 29-05364-01

Gentlemen:

My letter of December 3, 1975, indicated that certain actions would be taken by December 31 regarding the smear testing of cesium 137 sources.

The action to be taken was begun December 15, and as of this date has not yet been completed. Our current target date for completion is rescheduled for January 12. The delay was caused by unanticipated personnel absences during the holiday season.

Very truly yours,

  
George R. Dietz  
President
