Geneva, IL 60134

Gentlemen:

Enclosed is Amendment No. 09 to your NRC License No. 12-11675-02 in accordance with your request.

Please note that Dr. Vesely has not been authorized for all of the radiopharmaceuticals listed in Groups IV and V. In order to be added for these groups, he must document and/or obtain training and experience treating at least three patients with soluble phosphorus-32 and three with colloidal phosphorus-32.

If you have any questions or require clarification on any of the information stated above, you may contact us at (312) 790-5625.

Sincerely,

Original Signed By
Evelyn R. Matson
Materials Licensing Section
