FREEDOM OF INFORMATION  
ACT REQUEST

FOIA-85-271  
rec'd 4/15/85

Director, Office of Administration  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

Dear Mr. Director:

Under provisions of FOIA, 5 U.S.C. §552, I am requesting access to any records evidencing a request by any person or group for work stoppage or licensing investigation or any other related investigation of the Fermi 2 Nuclear Power Plant in Monroe, Michigan. I am interested in those documents filed since January 1, 1985.

If there are any fees for searching for or copying the records, please inform me before you fill the request. As you know, FOIA permits you to reduce or waive fees when the release of information is considered as "primarily benefitting the public." Because I believe this request fits that category, I am asking you to waive those fees.

If all or any part of this request is denied, please cite the specific exemption which you think justifies your refusal to release the information, and inform me of the appeal procedures available under the law.

I look forward to hearing from you within ten days, as the law stipulates. Thank you for your prompt consideration.

Sincerely,

*L. A. Heban*
