Gentlemen:

This refers to the inspection conducted by Ms. K. A. Whittlesey and Mr. J. I. Tapia of this office during the period April 3-8, 1985, of activities authorized by NRC Construction Permit CPPR-145 for River Bend Station, and to the discussion of our findings with you, and other members of your staff at the conclusion of the inspection.

Areas examined during the inspection included witnessing the containment structural integrity test and integrated leak rate test. Within these areas, the inspection consisted of selective examination of procedures and representative records, interviews with personnel, and observations by the inspector. These findings are documented in the enclosed inspection report.

During this inspection, it was found that certain of your activities were in violation of NRC requirements. Consequently, you are required to respond to this violation, in writing, in accordance with the provisions of Section 2.201 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations. Your response should be based on the specifics contained in the Notice of Violation enclosed with this letter.

The response directed by this letter and the accompanying Notice is not subject to the clearance procedures of the Office of Management and Budget as required by the Paperwork Reduction Act of 1980, PL 96-511.
