Note to P. R. Nelson

I received a telephone call at 4:00 PM, July 1, 1974, from Mr. Masefield, Isomedix, Inc. Mr. Masefield said that he had contacted his suppliers and that he expected to get the necessary hardware to modify his facility this week. The possible push to get an exception to the Show Cause Order has been dropped in priority - it's no longer a big issue of Isomedix. The item may reappear, however.
