Dear Mr. Withers:

SUBJECT: NRC PLANT VISIT FOR INFORMATION ON THE SAFETY PARAMETER DISPLAY  
SYSTEM IMPLEMENTATION AND OPERATION

By letter dated June 28, 1985, we informed you that an NRC team planned to visit the Trojan site on August 5-7, 1985 for the purpose of gathering information in connection with the implementation and operation of the Safety Parameter Display System. This is to inform you that the schedule for that visit has been changed. The NRC team is now planning to be on site August 6-8, 1985, one day later than originally planned. The NRC Project Manager has discussed this with Mr. Gary Zimmerman of your staff, who has agreed to support this new schedule.

Thank you again for your cooperation.

Sincerely,

Edward J. Butcher Acting Chief
