The Honorable Edward Markey, Chairman  
Subcommittee on Oversight and Investigations  
Committee on Interior and Insular Affairs  
United States House of Representatives  
Washington, D.C. 20515

Dear Mr. Chairman:

The Commission paper (SECY-84-209) that you requested in your letter of June 11, 1984 is enclosed. The Commission has not yet acted on the advice contained in this paper and, as a predecisional document, it is not available to the public.

In addition, this document is directly related to the Office of Investigations (OI) report that was forwarded to you by our General Counsel in a letter dated June 8, 1984 (copy enclosed). As with the OI report, premature public release of the information contained in the Commission paper could harm or frustrate the efforts of the Justice Department in this matter.

You recognized in your letter of March 3, 1983 that many Commission papers are not available to the public and should not be. In accordance with the agreement that we have with you, this document should be restricted to the members and staff of the Subcommittee and should not be made public in whole or in part.

Sincerely,

*(Signed)* **W. Roe**

William J. Dircks  
Executive Director for Operations
