Dear Mr. McCann:

Enclosed please find two copies of an application for a nuclear material license and the \$230.00 application fee.

The information contained in this application is formatted according to U.S.N.R.C. form 3131. The reason for completing the application in this manner is that I have completed a similar application for the Illinois Department of Nuclear Safety and their application form and N.R.C. form 3131 are identical.

If any additional information is needed to approve the application please feel free to call me at 312-949-4290. Your prompt attention reviewing the application would greatly be appreciated.

Sincerely,

Grant R. Wilton  
President
