MAY 21 1985

Virginia Electric and Power Company
ATTN: Mr. W. L. Stewart, Vice President,
Nuclear Operations
P. O. Box 26666
Richmond, VA 23261

Gentlemen:

SUBJECT: NRC CONTRACTOR PERSONNEL ACCESS
(DOCKET NOS. 50-338 AND 50-339)

Those NRC contractor personnel identified below have completed an NRC Region II administered comprehensive examination in the generic aspects of radiation protection. The NRC considers completion of this examination a sufficient demonstration to relieve the licensee of the generic portion of the training required by 10 CFR 19.12. To facilitate qualification for unescorted access, we request that you limit training of these personnel to a short briefing, not to exceed one hour, on site specific aspects of radiation safety, emergency evacuation, and physical security.

This letter does not provide certification for use of respiratory protection devices.

The individuals who have successfully passed the NRC Region II examination are:

Gregory A. Stoetzel	SS# 160-38-9934
Clyde A. Hawley	SS# 540-30-4956
Floyd L. McManus	SS# 002-28-7717
David H. Schultz	SS# 478-42-6041

If additional information is needed, please contact me.

Sincerely,

Virgil L. Brownlee, Chief
Reactor Projects Branch 2
Division of Reactor Projects
