Nuclear Fuel Manufacturing Department
P. O. Box 780

Gentlemen:

On March 28, 1985, several members of my staff visited your facility for a briefing on your Drug and Alcohol Prevention Program. The reception afforded my representatives was both professional and enlightening. During the discussions, your staff contributed significantly to the Nuclear Regulatory Commission's understanding of this potential problem.

I was encouraged to learn of your preventive measures in the area of drug and alcohol abuse. Your continued interest and efforts in this area will certainly be beneficial to all concerned.

Sincerely,

J. Nelson Grace
Regional Administrator
