Gentlemen:

Enclosed is Amendment No. 15 to your NRC License No. 34-00869-03 in accordance with your request.

Please note that Group V has been added to your license in accordance with our letter dated January 23, 1985. We have also added Condition 19. to your license requiring you to establish a bioassay program for individuals handling millicurie amounts of liquid radioiodine. You are reminded that you must follow the procedures and instructions contained in Appendix K of Regulatory Guide 10.8 (ref. application dated March 28, 1984) when using Group V materials.

If you have any questions or require clarification of any of the above stated information, contact us at (312) 790-5625.

Sincerely,

Original Signed By
