Gentlemen:

We are appending in this letter the information requested by form AEC-2. We wish to apply for a license to receive up to 1000 pounds of thorium-source material which would be in the form of residues. These residues are to be processed by us. The detailed information is as follows:

1. Research Chemicals Inc., 170 W. Providencia Ave., Burbank, California.

2. Previous AEC license number, none.

3. Inventory as of February 27, 1958, none.

5. We wish to process this source material at 170 W. Providencia, Burbank, California.

9. Certification and Agreement. The applicant and any official executing this certification and agreement on behalf of the applicant (1) certify that this application is prepared in conformity with code of federal regulations.

SUBSIDIARY OF NUCLEAR CORPORATION OF AMERICA, INC.

U. S. Atomic Energy Commission -2- February 27, 1958

Title II--Atomic Energy, Part 40--Control of Source Material;  
(2) certify that all information contained in this application is true and complete to the best of their knowledge and belief; and (3) agree that in the event that this application is approved by the Atomic Energy Commission, and a license is issued, that the duly authorized representatives of the Commission may freely inspect at all reasonable times facilities and records, take samples for assay, and do such other things as will, in the opinion of the Commission, assure that all source material handled by the applicant under the authority of his license, is properly accounted for and used.
