MEMORANDUM FOR: Victor Stello, Jr., Deputy Executive Director
for Regional Operations and Generic Requirements

FROM: John G. Davis, Director
Office of Nuclear Material Safety and Safeguards

SUBJECT: PROPOSED REVISIONS TO 10 CFR 73.71, NOTIFICATION
REQUIREMENTS FOR SAFEGUARDS EVENTS

In accordance with the Charter of the Committee to Review Generic Requirements (CRGR), we are forwarding the subject rule amendment for consideration. We believe that this amendment should be exempt from formal CRGR review on the grounds that it does not represent a substantial impact on the NRC staff or NRC licensees. The Offices of Administration (ADM), Nuclear Reactor Regulation (NRR), Nuclear Regulatory Research (RES), Inspection and Enforcement (IE), and Analysis and Evaluation of Operational Data (AEOD), concur in this rulemaking package. The Office of the Executive Legal Director (ELD) has no legal objection to its content; the Office of Public Affairs (PA) has concurred with the draft public announcement prepared for this package.

If you agree with the exempt status of this package, please add your concurrence and forward it to the EDO for signature.
