Dear Dr. Mallet:

On April 3, 1985 we received a notice of expiration of our nuclear materials license. The notice date was 02/05/85. Currently, we are evaluating the Arboretum license and will be filing a license renewal in the next several weeks. However, we will miss the license expiration date of 04/30/85. It is our intention to review our programs as soon as possible. We do not wish to be without a valid license and would like a thirty day extension, if possible.

Thank you for your cooperation.

Sincerely,

Patrick Kelsey
