SUBJECT: Limerick Generating Station  
Byproduct Material License 37-06752-07  
Facility Operating License NPF-27

Dear Dr. Glenn:

Since the issuance of the Limerick Generating Station Unit 1 License NPF-27, we have implemented the requirements contained therein which govern Byproduct Material possession and use. Based upon the Commission's past practice in other cases, it is our understanding that the Byproduct Material License 37-06752-07 is superseded upon the issuance of Operating License NPF-27 and we have acted accordingly.

If you have any questions or need additional information, please contact us.

Very truly yours,
