Sir:

This letter is to amend our current Materials License No. 06-15272-01.

We have recently purchased a Perkin Elmer Sigma 300 gas chromatograph with a Perkin Elmer electron capture detector. The nuclear source is Nickel 63 and the Model No. is 3300119. The Serial No. of the Nickel 63 source is 3203. The activity of our nuclear source is 15 millicuries.

We are still using our previously registered nuclear sources.

If there are any questions, please call me at Area Code 203-683-3640.
