## R E S U M E

David R. McMillen

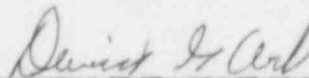

### Schooling

Go Wireline Service  
Radiation Safety Course  
January - 1980

Gulf Nuclear, Inc.  
Houston, Texas  
Course for Radiation Safety  
for well logging  
December - 1983

One (1) year on the job training under David G. Art since employed by Sego. Instruction included radiation safety practices for handling and using radioactive material listed on our license; on the proper use of survey meters; on the proper procedures on making leak tests and Sego's operating and emergency procedures during logging operations.

I feel that the above named employe fully understands  
the above practices and procedures.

David G. Art  
Acting Radiation Safety Officer
