Re: Renewal of License #35-06776-06
Expiration 9-30-84

Dear Sirs:

We have opted to renew this license by the simplified process of indicating only essential information. The present license and the application dated July 23, 1979 and letters dated August 1, 1979 and May 24, 1983, describe our program accurately with one change. This change is to make the location of use of licensed materials Keplinger Engineering Hall and retain the use in the Petroleum Engineering Research Area and in Oliphant Hall. In Keplinger Engineering Hall, materials will be used in rooms L162, L158, L156, L153, L151, L149, L147, and L145. These rooms are under the control of the Department of Engineering Physics.

Contact on this license renewal is through:

Dr. William P. Moran
Keplinger Hall - Room L163
(918) 592-6000, ext. 2521
The University of Tulsa
600 South College Avenue
Tulsa, Oklahoma 74104

Very truly yours,

THE UNIVERSITY OF TULSA

H. D. Staires
