Dear Mr. Goldstein:

In response to the publication by the AEC on March 8, 1958, of the proposed issuance of a byproduct and special nuclear material license to Isotopes Specialties Company, Inc., the attached letters have been received from YANKEE Incorporated and the California Department of Fish and Game. We are enclosing a copy of our reply to the letter received from YANKEE Incorporated and we plan to communicate with the Department of Fish and Game to determine whether the Department wishes to intervene in this matter.

You will understand, of course, that we will be unable to take further action on your license application until the Commission has considered the questions raised by YANKEE Incorporated and the Department of Fish and Game.

Very truly yours,

E. L. Price, Director
