ATTENTION: Material Licensing
 REF: 48-00537-03

June 21, 1985

Gentlemen:

We wish to apply for an amendment to our license number 48-00537-03. Please note that an application has been submitted to renew this license which expires June 30, 1985, the control number assigned is 79125.

We wish to add the following Radioactive Material for Medical Use:

ELEMENT & MASS NUMBER	CHEMICAL AND/OR PHYSICAL FORM	MAX. NUMBER OF MILLICURIES OF EACH FORM	PURPOSE & USE
Phosphorus-32	Any	1	In-vitro laboratory studies
Sulphur-35	Any	1	In-vitro laboratory studies

The material will be used under the supervision of C.H. Altshuler, M.D. who has been previously authorized to use materials in Groups I through VI and materials for laboratory and animal studies.

Procedures, as previously submitted, will be followed for ordering, receiving, handling and disposal of the Radioactive Material.

An amendment fee of \$120.00 is enclosed. Please expedite this request.

Sincerely,

John B. Whitton
