Dear Sirs:

We presently own a Kevex Model 0102 Fluorescence Analyzer, for which we obtained a USNRC License, No. 34-20007-01, which has an expiration date of August 31, 1985.

We have just purchased another Kevex Fluorescence Analyzer, this one being a Model 0202, and wish to add that to our present License. All information pertaining to this new machine has been entered on Form-NRC-3131, which is attached.

In addition, we have also enclosed, herewith, our check, number 82387, to cover fee for the above, in the amount of \$40.00.

We trust the information we have submitted is sufficient. Should any other information be required, please contact the writer by telephone, collect.

Thanking you, we remain
