Division of Fuel Cycle and Material Safety
Office of Nuclear Material and Safety
United States Nuclear Regulatory Commission
Washington, DC 20555

Gentlemen,

This letter refers to License No. 37-01753-01. A review of our current license and our letter dated 20 February 1980 submitted to represent our program reveals the need for the following changes:

- 1) Dr. John P. Waldron, Radiation Protection Officer,
Former Chairman, Department of Physics

New Office - 304 A, Science Center
New telephone - 215-879-7399, 7458

and

- 2) Room 108, Science Center is no longer used in our program.

We wish to continue to operate under our current license and our letter of 20 February 1980 as modified above. We will continue to operate in accordance with these documents and applicable NRC regulations and license conditions.

I believe that Saint Joseph's University is exempt from fees for license renewal in accordance with Part 170.11 (4) of 10 CFR.

Please contact Dr. John P. Waldron concerning our application for the renewal of our license at the telephone numbers listed above. It would also be most helpful if his name appeared on the envelope bearing any correspondence relative to this license.

Thank you.

Sincerely yours,

DD MacLean, SJ
(Rev.) Donald I. MacLean, S.J.
President
