Inspection Report 313/85-20;
313/85-21 Notice of Deviation

Gentlemen:

Arkansas Power and Light Company (AP&L) is in receipt of the Notice of Deviation, regarding updating Letters of Agreement, contained in your letter of August 22, 1985 (ØCANØ8852Ø).

At the time of the inspection, June 19-20, 1985, efforts were underway to complete reviews of the Letters of Agreement. All support agreements with outside groups/agencies have been reviewed and revised where necessary, and AP&L has received fully executed documents for all support organizations with the exception of the Department of Energy, Oak Ridge Operations Office. The status of all Letters of Agreement is shown in Attachment I.

To insure that the review of our Letters of Agreement is completed by January 1, 1987, which is the next review date, this item will be entered into our commitment tracking system, with a sufficiently early reminder to ensure timely completion.

Should you have any questions in this regard, please contact my office.

Very truly yours,
