Re: Vera M. English  
DOL Case 85-ERA-2  
NRC Case No. 7590-01

Dear Ms. Axelrad:

This is the second of two documents which I had planned to submit simultaneously to Mr. Taylor. Because the first, the letter to Mr. Taylor, is not yet completed, and in Mr. Taylor's absence from the City, I thought it best to submit the second to let you get started. In the enclosed copy of my reply to Mr. Jones, which I have not yet mailed to him, I demonstrate principally that NRC has abused its power to claim privilege for the purpose and with the effect of covering up G.E.'s and its own wrongdoing, thereby depriving my client of her constitutional and statutory right to a public trial in DOL Case Nos. 85-ERA-2.

Very truly yours,
