Dear Mr. Everett,

This concerns two matters which are related to the Nuclear Medicine Department.

First, the Nuclear Medicine Department has been relocated to a new area of the hospital. You will find a copy of the blue print and hot lab along with this letter.

Second, that Mr. Charles Johnson is the new administrator of the hospital and Mr. Conroy is no longer in this position.

There is also one change in materials license section 11, facilities and equipment. On section 11, part D, number 2 is revised to "Administration of radiopharmaceuticals will occur in the imaging room and patient's room".

Please feel free to contact me if there is any question regarding these matters.

Sincerely,

Charles Johnson, Administrator
