Docket No. 27-7

MAR 1 1959

Mr. Allen M. Goldstein  
Isotopes Specialties Company  
170 West Providencia  
Burbank, California

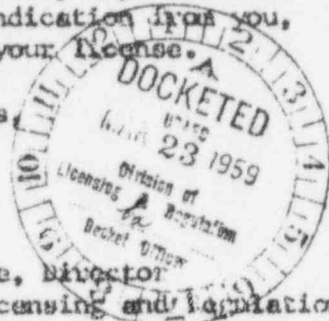

Subject: LICENSE NO. 4-580-6

Dear Mr. Goldstein:

The Commission has determined that in the interest of public health and safety licenses authorizing the sea disposal of waste radioactive material should contain a condition governing the transportation of such materials. A copy of the proposed condition is attached.

It appears to us that your license should be modified by the addition of this condition. Accordingly, this letter is being sent to you pursuant to the provisions of 30.51 of Title 10, Code of Federal Regulations, Part 30, "Licensing of Byproduct Material" in order that prior to the institution of any proceedings by the Commission for modification of the license you may have an opportunity to request this change. If you are willing to have this condition added to your license without a formal order, please indicate this to us within thirty days from the date of this letter. If we do not receive this indication from you, an order will be issued for this modification of your license.

Sincerely yours,

Harold L. Price, Director  
Division of Licensing and Regulation
