Dear Sir or Madam;

Enclosed please find NRC form 313, Application for Material License, and relevant supporting data. We are requesting a type 3M license and have enclosed the \$700 application fee. We are a small biotechnology research lab and we require small amounts of isotopes for experiments in molecular biology and biochemistry.

Please send us two or three copies of NRC form 3 so that we may post them at our facility in compliance with title 10 CFR.

We hope that the information enclosed will allow you to make a prompt and favorable judgement concerning our application. If I can be of any further assistance to you in your review of this application do not hesitate to call.

Thank you for your consideration in this matter.

Sincerely,
