Amendment No. 01

Department of Commerce
National Bureau of Standards
Gaithersburg, Maryland 30899

In accordance with letter dated August 12, 1985, License Number 19-23454-02G is amended as follows:

Condition 11. is amended to read:

11. The licensee shall report to the Material Licensing Branch, Division of Fuel Cycle and Material Safety, U.S. Nuclear Regulatory Commission, all transfers of sources distributed under this license to persons generally licensed in Section 31.8, 10 CFR 31. Such report shall identify each general licensee by name and address, the type of source transferred, and the quantity and type of licensed material contained in the source. The report shall cover the year ending June 30 and shall be filed within (30) days thereafter.
